## OFFICIALS OF FIRST PRESBYTERIAN CHURCH DISCUSS PLANS FOR MODERN STRUCTURE AT HARVARD AND LOUISE

**Hearty Approval Given To Proposed Building Which Will Cost About \$150,000; Women Of Congregation To Meet, Consider Ideas**

ABOUT FIFTY MEN gathered at the First Presbyterian church last night when the three groups of officers of the church, namely the elders, deacons and trustees, met in a joint session for the informal discussion of all matters pertaining to the erection of the proposed \$150,000 church building. Although no official action was taken by the officers a careful and complete investigation of each of the various questions brought up was thoroughly gone over during the evening.

The men met at 6:30 o'clock in the banquet hall of the church, at which time they enjoyed a four-course dinner. Following the banquet W. J. Clendenin, who is chairman of the building committee, opened the meeting by presenting Robert H. Orr, who has been chosen as the architect for the new structure, to the body.

Mr. Orr responded by giving a detailed and concise resume of the plans for the building. All of his announcements and propositions met with the hearty and unanimous approval of the officers, and no changes or alterations were suggested to the plans.

Although the heads of the church fully agreed with Architect Orr's report, they contained their greatest enthusiasm over the proposition until, according to Rev. W. E. Edmonds, the pastor, Mr. Orr displayed a large painted picture of the complete proposed building and grounds. The entire outlay, as planned, will completely cover the three lots on the northwest corner of Harvard and Louise streets, which is to contain an auditorium with a seating capacity of 1400 to 1600, will be constructed in direct connection with the three-story Sunday school building. This latter building will consist of three distinct departments, each with a separate assembly room or auditorium.

### Large Open Air Court

A large and spacious open air court, to be laid out between the walls of the two structures, is provided for in the plans. In the center of this court, which will be beautified by the presence of numerous flowers, shrubs and palms, plans have been made for the erection of a huge tower to be 102 feet in height. A complete set of chimneys is to be installed in the top of the tower. (Continued on Page 11)

## Water Main Bursts, Poet Bursts Out In Verse; Both Mended

Florida has its oranges which bear fruit the year around.

California has its verse writers who burst into rhyme in summer as well as spring. Bear witness what was sent the public service department:

On West Fairmont street, The water main doth seem to leak While repairs come not with haste And precious water runs to waste. While it could not be ascertained from the city clerk—because no name was signed to the missive—if the author of those lines had a dog license, whoever it was made good use of poetic license.

However, City Manager W. H. Reeves saw the humor of the complaint and had workmen dispatched to stop the leak—also the verse. Which everybody agrees should be satisfactory to all concerned.

### LEAVES FOR LINCOLN, NEB.

Elder W. F. Martin, of the Pacific Union Conference headquarters of the Seventh-day Adventist church, has gone to Lincoln, Neb., where he will attend a camp meeting. Before returning to Glendale Mr. Martin will address camp meetings in Missouri and Kansas on the subject of religious liberty.

### CATALINA ISLAND OUTING

Mr. and Mrs. Hazen I. Lovell of 415 North Central avenue, Mr. and Mrs. Jesse Goldthwaite and daughter Barbara spent the week-end at Catalina Island. Mr. and Mrs. Lovell returned Monday to Glendale, but the Goldthwaites will remain there until Sunday.

### ENTERTAINS AT LUNCHEON

Mrs. John Fanest of 1006 East Harvard street entertained a group of friends at luncheon today in honor of Mrs. C. C. Cravath of Laguna Beach, who is her guest for several days.

### CHARLOTTE READ HOSTESS

Mr. and Mrs. Ben Strother of San Antonio canyon are the guests today of Miss Charlotte Read of 701 North Central avenue.

## Russia Relief Work by Glendale Man to Begin at Once, Plan

**WALTER LYMAN BROWN**  
Of Glendale, European director for the American Relief administration, will supervise the Russian famine relief which the Hoover organization has undertaken.

Dispatches from Washington say that a satisfactory agreement has been reached with the Soviet authorities at Riga under which the American relief administration will begin immediately to fight famine among the children of Russia, Secretary Hoover announced. The agreement, he added, accepts the conditions laid down by the American organization for safeguarding the lives of relief workers and insuring American control of food supplies.

Walter Lyman Brown, son of Mrs. J. D. Brown of 405 North Maryland, Glendale, is at Riga supervising the Russian famine relief work.

Mr. Brown is 44 years old, a mining engineer and a graduate of the University of California. He engaged in mining work in this country, Alaska, and Africa, and has been associated with Herbert Hoover in relief work since 1915, when he joined the staff of the commission for relief in Belgium. In August, 1916, he was placed in charge of the commission's office in Rotterdam, port of entry for the vast quantities of food with which Belgium's 7,500,000 in-

## Glendale Is Garden Spot of California, Says Popular Actress

"I just love it out here. Glendale is certainly the garden spot of California."

These were the first remarks made by Miss Sara Sothorn, the well known comedy-drama actress, when being interviewed yesterday by an Evening News reporter at her new Glendale home at 514 South Glendale avenue. The coy Miss Sothorn was caught by the reporter while she was in the act of hammering a nail in the corner of the screen porch, getting "fixed up for her vacation" home. She was daintily dressed in a neat gingham apron, closely resembling the meek country girl, whose part she often represents on the stage.

The star of "Clarence," "39-East" and numerous other recent popular productions, has leased the Glendale avenue property for six months from Mrs. J. D. Dibbern of this city two weeks ago, although she has just moved into the place this week. The reason for the delay was that her parents, Mr. and Mrs. S. S. Sothorn, were en route from the east at the time. They arrived from their summer home in the Ozark mountains on Thursday and immediately moved into their new residence.

Miss Sothorn has a contract with the Thomas Wilkes Production company to play at the Majestic theatre in Los Angeles for one year.

## Miss Anna M. Luke Is Glendale Visitor

Mr. and Mrs. G. O. Piercey of 509 Patterson Drive are entertaining as their house guest Miss Anna Marie Luke of Phoenix, Arizona. Miss Luke has been spending the summer with her parents at Santa Monica, and they are expecting to return to their home in Phoenix in September. Mr. and Mrs. Piercey are former neighbors of the Lukes in the Arizona city.

Miss Luke was the sister of the famous American "ace" who was killed in action while fighting over the German lines in the summer of 1918. Luke, who was only 21 years of age at the time, was known as "America's nerviest aviator" during the few weeks that he served at the front. At that time he had destroyed more enemy observation balloons than any American flier. Luke also held the world's record for the dismantling and setting up of an aeroplane machine gun.

## Today's World News In Brief

(By United Press to Glendale Evening News)

### GUARD THREE NEGROES AGAINST LYNCHING THREATS

BOSTON, Aug. 19.—Ten additional state constabulary forces were rushed to Barnstable today to guard the county jail where three negroes, held in connection with criminal assault on Miss Gertrude Butler, have been threatened with lynching. The officers were sent at the urgent request of State's Detective Bradford, who said that more guards were needed in case of another attempt to lynch the prisoners tonight.

### SEARCH IS BEING PRESSED FOR MISSING \$100,000

CHICAGO, Aug. 19.—Search for the \$100,000 in cash which disappeared after James Colosimon, cabaret owner, was murdered, led to the defunct Michigan Avenue Trust company today. Authorities were investigating the story of friends of Colosimon, who stated he had deposited the money at the bank, although no record was made on the books of the bank. Warren C. Spurgin, missing president of the bank, who is charged with embezzling a million dollars, is believed to be in Mexico.

### LARGE EARLY SELLING ORDERS ON N. Y. EXCHANGE

NEW YORK, Aug. 19.—A large volume of selling in the stock exchange during the first half hour today exerted considerable pressure on the whole industrial list. New lows on the movement were recorded in Westinghouse Electric at 40 1/4 and Cuba Cane Sugar preferred at 18 1/4. Even stocks which generally have displayed better resistance in recent sessions showed immediate signs of the pressure. American Foundry and Pullman sagged some. Steel common was depressed below 74 while Studebaker got fresh low ground at 67 1/4. Famous Players was one of the few strong points in the list, advancing two points to 52 1/4.

### OFFICIANS AND TRAMPS IN PITCHED BATTLE FOR TRAIN

LOS ANGELES, Aug. 19.—Heavily armed posses from the police station and sheriff's office shortly after dawn today engaged in a pistol battle with sixty hoboes who had commandeered a freight train in San Bernardino, overpowered the crew and headed for Los Angeles. Police arrested thirty-four men. Twenty-six escaped. Warned by telegraph that the "kidnaped freight" train was speeding toward Los Angeles, posses were hurriedly formed here. They halted the train at the Santa Fe tracks and Fourth street. A pitched battle ensued. The entire neighborhood was thrown into a panic. Numerous minor injuries were sustained as authorities rounded up the "kidnapers."

### CONGRESS GETS INTO BIG LEGISLATIVE JAM TODAY

WASHINGTON, Aug. 19.—Congress today was in a legislative jam that threatened to prevent the month's recess schedule to begin Wednesday. The chief obstacles in the way of a recess are: 1—The Longworth bill extending the dye embargo with the senate amendment extending the emergency tariff bill. 2—The deficiency bill carrying \$48,500,000 for the shipping board and \$200,000 for expenses of the disarmament conference to which Senator Harrison had offered an amendment to put the senate on record as favoring publicity at the parley. 3—The anti-medicinal beer bill. The trouble over these three bills centers in the senate. The McNary bill to aid farmers through the war finance corporation seems likely to pass the house and be ready for the president's signature by next Wednesday and the tax bill has clear sailing.

### IRISH REPUBLICAN ARMY PREPARES FOR NEW WARFARE

DUBLIN, Aug. 19.—The Irish republican army was today preparing for renewed warfare, while the Dail Eireann was reported to have rejected the British peace terms and to be formulating counter proposals. Members of the Sinn Fein parliament will discuss the proposed counter proposals individually over the week-end, will meet Monday in secret session to draft the Dail's reply and will make the public announcement on Tuesday, it was believed. Meanwhile the Sinn Fein army, without breaking the conditions of the truce was making ready for the worst. The principal visible activity of the Irish republican army was to guard the Mansion House during the Dail's meetings. Informers, if they could get into the meeting, could gather information that has never before been generally available, as the heads of various departments of Sinn Fein were reporting upon their resources.

### THREAT IS MADE TO OVERTHROW WIRTH GOVERNMENT

BERLIN, Aug. 19.—The Wirth government will be overthrown if it signs the peace treaty proposed by the United States, according to authoritative information given the United Press today. Negotiations over the treaty are in progress between Loring Dressel, the American charge d'affaires and Chancellor Wirth, with the latter taking the stand that no party in Germany will support his ministry if he agrees to the American terms as they stand. Germany's position has been strengthened by recent interviews with Frank Vanderlip, American financier, in the German press, in which he is credited with saying that Germany's situation is such that she cannot fulfill the treaty of Versailles. In some quarters here, Vanderlip is credited with being President Harding's "Colonel House." Leaders hint that claims relating to the Lusitania and others contained in the American treaty, constitute excessiveness.

### LLOYD GEORGE SAYS GOVERNMENT HAS GONE LIMIT

LONDON, Aug. 19.—Premier Lloyd George, in the house of commons and Marquis Curzon in the house of lords today told the British parliament that the government had gone the limit in its offers to Ireland. "The government has gone to the extreme limit in its concessions to Ireland," Marquis Curzon declared. The British foreign minister continued: "The only possible criticism of the terms is that they are too generous. We have offered all that is possible without compromising the safety of the realm, the sovereignty of the crown and the unity of the empire. It is inconceivable that Ireland should consent to a resumption of the quarrel. Separation would infallibly mean the economic ruin of Ireland. If the government is challenged, it will not quail before its difficult task." While Curzon was telling the lords that the government had gone to the extreme limit in its offer, Lloyd George reported to the commons that the "government has already said all it has to say in its letters to De Valera."

## PROPOSE OPENING OF HAWTHORNE AND IVY STREETS FROM PACIFIC AVENUE TO SAN FERNANDO ROAD

**Majority Of Property Owners Declared To Be In Favor Of Improvement; Means New Entrances In City And Development Of Homes**

FIRST OFFICIAL STEPS in a public improvement that, it is declared, will mean a great deal to the future development of Glendale were taken at the meeting of the City Council last night when Councilman A. L. Lapham presented petitions, liberally signed, calling for the opening of Ivy street from Pacific avenue to the San Fernando road and the opening of Hawthorne street from Pacific avenue to the San Fernando road. It is understood that between sixty and seventy per cent of the property owners in the district affected are signers of the petitions.

## TEN MORE BUSINESS BLOCKS WILL BE ERECTED SOON

**Elaborate Plans Are Being Made for Construction Work In Glendale**

Approximately \$300,000 in building has been started here this month, according to the records on file at the building inspector's office. At noon today the August total was \$206,666 and the year so far shows \$2,615,590.

Never before in the history of Glendale has a greater program of construction been planned than that for the fall of 1921. At the present time The Glendale Evening News representative knows of ten property owners contemplating the improvement of their vacant lots with business blocks within the next ninety days.

These buildings will be equally divided between Broadway and Brand boulevard and they will do much to clearly establish the lines of the business section for the next few years. Upwards of \$200,000 will be represented in the new structures, it is estimated.

Architect Alfred F. Priest, in speaking of improvements to be made here, today said that Harry E. White, Inc., will build a third unit to their Cletrac agency at San Fernando Road and Brand boulevard which will be used as a warehouse and tractor storage room.

### Numerous Improvements

Lucy P. Knott is to build a one-story, three-room building on the northwest corner of Broadway and Louise street, 51 by 60 feet in dimensions. This improvement will cost \$7,000.

Mr. Priest also is preparing the plans for S. Berman's building to be erected immediately at the corner of Brand boulevard and Elk avenue. It will have three store rooms and make a classy display with its pressed brick front and plate-glass windows. It will cost Mr. Berman no less than \$7,000.

### Points Out Increase

While Glendale boasts of the great amount of building done here, it is cheating itself by not adding 20 per cent to the totals of the building permits, according to Mr. Priest. Plumbing, painting, papering and electrical wiring—all done under sub-contract—is not figured into the construction cost as listed with the city. This makes the actual amount of building total 20 per cent more than published, according to those conversant with the situation.

## Members of Battery D to Entertain Official

Members of Battery D, first heavy artillery, California volunteers, who served in the Spanish-American war, are hosts tonight to Lieutenant Colonel and Judge Advocate George McKeeby at a reception and dinner in the Union league club. He has just arrived from Washington, D. C.

Among Glendale men who served with Colonel McKeeby are Eldon Patterson, John A. Logan, W. R. Phelon and Cameron Thom. They expect to attend the reception and renew the friendship of the days when the colonel only was lieutenant. He was the first volunteer to receive the commission of major in California after America entered the world war, according to Mr. Phelon.

### MOTOR INTO OIL FIELDS

Mr. and Mrs. George Damon of 1001 South Central avenue and Mr. and Mrs. Arthur Cresce of Highland Park motored to Huntington Beach Wednesday and visited the oil fields, returning to Highland Park in the evening for dinner.

O. G. Rudie has been in charge of the circulation of the petitions and he was present at the meeting of the City Council last night when they were filed.

The petitions, on motion of Councilman Lapham, seconded by Councilman S. A. Davis, were ordered referred to the city engineering department for checking as to the frontage represented.

### Would Mean Development

"The proposed improvement is one of the greatest yet suggested for Glendale," declared Councilman Lapham in discussing the petitions. "The opening of the two streets through to the San Fernando road would mean, of course, two additional entrances into the city and, naturally, would take some of the heavy traffic off West Broadway and relieve congestion there."

"Also, the proposed improvement would make considerable acreage available for residence purposes and that means more population. I understand that a large majority of the people in the territory are willing that the work shall be started."

### Working for Several Weeks

It is understood that Mr. Rudie, aided by others, has been working for a number of weeks on the petitions and is much encouraged by the way the people are getting behind the project.

When the petitions were filed with the City Council last night, they were accompanied with maps showing just what is proposed to be done and when the engineering department reports the necessary frontage is signed it is presumed the City Council will take the next step and order the streets opened and extended.

When that is done, it is explained that it will be necessary to circulate other petitions to have the new streets improved.

### Majority in Favor

S. A. Merriken of 429 Ivy street, who for the past several weeks has been working with O. G. Rudie of 532 West Broadway in circulating petitions among the property owners for the opening and extending of Hawthorne and Ivy streets from Pacific avenue west to San Fernando road, states that over a majority of the property owners have signed this petition and that same has been filed with the City Council to be taken up as soon as the city engineer reports upon the frontage signed.

"These streets, if opened," Mr. Merriken states, will be fifty feet in width. Under the proposed plan the property owners through whose land the new street would run intend to donate same for the street right of way, except possibly the land facing on Pacific, which would have to be condemned.

"Besides making a large territory of acreage available for residence purposes, these new streets when opened would take care of a good deal of cross-town traffic to San Fernando road and is an improvement which would be welcomed by the people of the western section of the city," concluded Mr. Merriken.

## Mildred Sternberg Is Bride of Al Moniot

The marriage of Miss Mildred Sternberg, daughter of Mr. and Mrs. Charles Sternberg of West Palmer avenue and Al M. Moniot, son of Mr. and Mrs. Emile Moniot of 414 West Los Feliz road was solemnized this morning at 10 o'clock at the home of Rev. James S. O'Neill, Julius Moniot, the brother of the groom, and Miss Winifred Sternberg, sister of the bride, were their attendants and only the immediate families and a few close friends were present.

Following the ceremony they left immediately under a lucky shower of rice for the Yosemite valley where they will spend their honeymoon, later motoring on up to Seattle. They will not return to Glendale until September and will make their home here.

### CAMP LIFE BEING ENJOYED

Mr. and Mrs. Guy H. Morton and daughter Ruth of 412 North Isabel street and Mr. Morton's mother, Mrs. C. S. Morton, are enjoying a week's vacation at Switzer's Fair Oaks camp.

## 67 Traffic Cases In Police Court; a Record

All records were smashed in police court today when Judge F. H. Lowe heard sixty-seven traffic cases and assessed more than \$250 in fines. It was a large day, the results of three days' work on the part of Motorcycle Officers Walter Trautwein and Merle Collins.

"All paid with pleased smiles," said a court official in reporting the session. "Ten paid \$10 and more, W. F. Trice admitting to 43 miles an hour in the 30 mile zone on San Fernando road which cost him \$15, and S. S. Kingman pleading guilty to 41 miles on the same thoroughfare which cost him a similar amount."

According to the motorcycle officer, Mr. Kingman had just purchased the car he was driving and wanted to see how fast it would go. He was peeved that the cop didn't give him an opportunity to make "sixty," but glad he wasn't caught doing it.

Among those who paid lesser amounts for open mufflers, no tail-lights, etc., a young man was assessed \$5. He had to call his wife into court to pay the fine. Judge Lowe saw the need for the money in their home and gave the unlucky motorist 30 days in which to pay.

"Sixteen and two-thirds cents a day will be like buying a typewriter," commented the judge after court was closed. "I think he will be able to pay it."

## Miss Alice Wright Is Guest of Honor

Miss Hazel Walters of 1136 East Elk avenue was hostess Thursday night at a very dainty miscellaneous shower in honor of Miss Alice Wright who is to wed Archie Harwood some time in November. The house was decorated in pink and white flowers and draperies. Kewpie dolls dressed as brides and grooms were also much in evidence. The hostess had designed several games which were very unique and suitable to the occasion, the first, when the guest shot gold arrows at a great pink heart, Miss Helen Searl winning the "diamond" ring that was the first prize and Miss June Rallsbach the thimble, denoting a life of single blessedness.

The game of dressing clothespins as brides was won by Miss Evangeline Quackenbush and the guessing contest on "How to Manage a Husband" with a clothes pin as the prize was won by Miss Bertha Wilmarth. Just before the dainty refreshments were served they played the old game "My Ship's a Sailing" and a beautiful flower-decked ship with white sails spread was carried in. It had been designed and made by Fred Grosman and was laden with all manner of gifts brought to the bride-to-be by her friends.

The guests at the pretty affair included the Misses June Rallsbach, Mary Rowe, Irene Wright, Nadine Hession, Evangeline Quackenbush, Dorothy Howard, Ruth Palmer, Helen Searl, Faith Tarling, Bertha Wilmarth, Lucile Thompson and the guest of honor, Miss Alice Wright.

## More Publicity for Glendale Promised

Eastern visitors of the coast will learn of Glendale's resources through a new channel, according to James M. Rhoades, secretary of the Chamber of Commerce. An invitation has just been extended to the Glendale organization by J. H. Van Horne, manager of Hotel Whitcomb, San Francisco, to use space on the hotel's new California booster rack, erected for the purpose of acquainting visitors with the wonderful possibilities California has to offer.

The rack proper is being built large enough to accommodate literature from every county and city in the state. It is open to all and no charge or fee of any kind is made for this privilege.

In the communication announcing the California Booster Rack, the management states, "Nothing would please us more than to see the idea extend to all public-spirited hotels, until there is a chain of Booster Racks from Del Norte to San Diego." Glendale is one of the first cities to avail itself of this privilege.

 his adventures with ferocious ani-  
 mals and savage native tribes.

## MISS EVA DANIELS IS HOSTESS FOR FAIR MEETING

Needlework Committee Hears  
Plans for Exposition  
During September

A meeting of the Needlework committee in connection with the San Fernando Valley Fair was held Wednesday at the home of the local chairman, Miss Eva Daniels of 324 West Colorado street. Members of the committee present were Mrs. Harry Greenwalt, Mrs. A. S. Chase, Mrs. Helen Campbell, Mrs. C. A. Brandstater, Mrs. Bert Woodward, Mrs. E. S. McKee, Mrs. L. N. Hagood and the general chairman, Mrs. Ella Richardson and hostess, Miss Daniels. Plans were discussed in regard to the exhibition of needlework at the fair.

One hundred and fifty of the most prominent business men in the town of San Fernando at a fair booster meeting have changed the dates for the San Fernando Valley Fair from September 13-18 to September 19-24, as already told in The Evening News.

The change of dates was found advisable owing to the fact that the former dates conflicted with the dates of the state fair at Sacramento. The northern fair will close on September 11, which would not allow for the shipment of stock to San Fernando in time for the opening day.

### County Fair Grows

With the new dates set the San Fernando people feel that they can give the fullest co-operation to the state fair and will receive the fullest measure of co-operation in return.

The fair to be held in San Fernando, which is the official Los Angeles county fair, has grown to such a tremendous size, and the idea of making it the largest fair ever held in Southern California has taken such a strong hold on all the valley people that in spite of the necessity of raising \$15,000 for additional expenses, the Chamber of Commerce of San Fernando at this meeting went on record pledging itself to raise the sum of \$6000 in addition to the amount they had previously subscribed for stock. Assurances have been made by prominent men from other towns in the valley that they, on their part, would subscribe a further sum of not less than \$9000 as their share of promoting this big fair.

### Signed Pledges Received

Amid great applause, and headed by a \$500 subscription from Mrs. Flynn and her sons, who own and operate the Porter hotel, signed pledges and cash amounting to more than \$2000 were received at the meeting.

Several hundred head of cattle, sheep and swine, together with 120 head of blue blooded horses have already been entered for the valley fair and the change of dates will permit all the exhibitors to ship their stock from Sacramento in time for the opening date.

Entries have already been received for the night horse show from far distant points in Oregon, and the greatest horse show ever held on the coast is assured.

## American Farmer to Have Great Season Financially, Claim

By HAROLD D. JACOBS  
United Press Staff Correspondent  
NEW YORK, Aug. 19.—American farmers generally will experience the best season financially in several years and will pass their increasing prosperity on in some measure to the rest of the country.

This is being brought about paradoxically by a crop shortage. The law of supply and demand will mean higher prices for farm products and the income will afford greater buying power for this half of the nation's population from which situation other industries are bound to benefit.

"I am optimistic concerning the immediate future of the agricultural industry and the importance of this year's crop in pulling the farmer out of the most serious situation in which they have ever found themselves," Gray Silver, Washington representative of the American Farm Bureau Federation, telegraphed the United Press today.

"Wheat, corn, oats, barley, rye, potatoes, tobacco, sugar beets and some fruits will have a much less yield than last year. This should mean but one thing if domestic and foreign purchasing power is anything like normal—higher prices for farm products, more money in the farmers' hands, debts paid and higher standard of living."

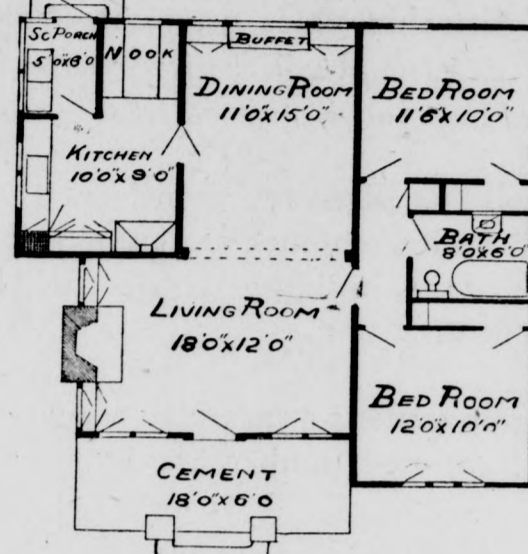

B. W. Snow, Chicago crop expert, wired that the crop shortage will be of "general benefit" to the agricultural community, adding that the increased income will be "distributed to production in all sections of the country."

## American Movies Get Tourists to Come Here

RIO DE JANEIRO—Despite the tradition in South America that Europe, especially the Latin countries of Europe, contains all the delights attractive to the tourist, North America is beginning to attract attention among the South American travelers.

It was recently reported from Argentina that a number of Argentine tourists will make a trip to the United States by way of the western coast of South America, through the Panama canal to Cuba, and thence to New York. This party was scheduled to leave Valparaiso, Chile, on May 2. After landing in New York it was planned for the Argentine tourists to go by special train to various points of interest throughout the United States.

It is pointed out that the American moving picture industry, which has in the recent years brought the many natural beauty spots of North America, as well as the portrayal of American life and industry, before the South American public, is playing a big part in causing the Latin American tourist to start traveling north to see things of interest which before were only thoughts to be had on the other side.

### ENGLISH POETRY AND PROSE

If there is anything in literature as wonderful as English poetry it is English prose. Like the twin pillars of a mighty temple stand those two great books, the Bible of 1611, the Shakespeare of 1623, and no other country can show their equal.

## LOCAL RED CROSS GIVEN DONATIONS FOR NEEDY FOLK

Mrs. H. E. Bartlett in Charge of Work in This City; Further Appeal Issued

In response to the appeal being made by the local chapter of the American Red Cross for used clothing for shipment to needy persons in central and eastern Europe donations are being left at the fire stations on East Broadway and also on Los Feliz Road, as well as at the home of the chairman, Mrs. H. E. Bartlett, 347 North Brand boulevard.

With the winter season not far distant the necessity of answering this appeal will be realized. The call is for all kinds of serviceable and warm clothing in good condition, or for materials with which to make the garments. It should be possible for everyone in Glendale to be able to sacrifice at least one garment for this cause. The need is for garments for all ages. These should be in good repair and should be clean.

### Will Make Distribution

The American Red Cross, through its Child Welfare units and other avenues of relief units will make the distribution in Czechoslovakia, Austria, Hungary, Poland, the Balkan and Baltic states, and in Poland, Austria, Germany and Russia by the American Friends' Service committee.

Look in the clothes closet today and see if you cannot find some article which has been discarded by you which might be of use to these needy people of central and eastern Europe, and put them in repair and leave same at either of the addresses given above.

## U. S. Rapidly Losing South American Trade

BUENOS AIRES—"Most Argentine firms have only a small stock of American goods left, and when that is gone no more will be ordered."

This opinion on American trade with South America was given to the United Press by W. K. Ackley, head of the American Foreign Banking Corporation here.

"In general," said Ackley, "it is the old story of the laxity of some American concerns who have not yet learned that the great essential in foreign trade is that orders received must be filled with exacting care."

"The United States manufacturer must realize that if he promised to fulfill an order within a certain length of time, and the goods do not arrive at their destination until long after the period agreed upon, the South American customer will not give another order to that house, but will turn in preference to some other concern—probably English, German or other European—upon which experience has taught him he can depend, and right now these European houses are doing everything they can to satisfy with good service, constant supply, low prices, and the like, for the purpose of regaining their pre-war business."

"During the war while the European nations were helpless to defend their commerce in South America, the United States, without effort, secured a brilliant and imposing position in South American trade. It might have been better if she had had to struggle harder for her victory and so realize the value of her triumph. She would thus be less likely to allow her easily obtained position to slip from her simply through lack of care."

### 'THEM WERE HAPPY DAYS'

VANCOUVER, B. C.—Lord Northcliffe, when he was here recently for a few hours re-lived in reminiscence the days when as a youth he worked on a small newspaper in Coventry at 35 shillings a week.

Stephen Golder, now secretary of the Vancouver automobile club, was publisher of the paper, and was invited by Northcliffe to pay him a visit.

For two hours they talked over old times.

"I have the distinction," said Golder, "of having given Northcliffe his first pay check. For about eighteen months he was on my staff on the Bicycling News at a salary of 35 shillings a week. Prior to that time he had contributed articles to the News for which he received seven shillings and sixpence a week. Lord Northcliffe invented the want ad. He was at that time known as 'Three Words a Penny Harmsworth' because he conceived the idea of making money for the News by running a column for the exchange of bicycle lamps, bells and handlebars. He was laughed at at first, but the idea developed rapidly and became a great source of income for the paper."

## Latest Fashions to Be Given Display at Glendale Exposition

MISS CLASSIE MARLOWE

Who will direct the fashion show to be held in conjunction with the Glendale Merchants' Exposition.

Not only is there to be a delectable showing of the dernier cri in fashions for women at the coming Greater Glendale Merchants' Exposition, but, it has become noised about, there is to be a regular he-fashion showing. The problem now facing the promoters of the enterprise, however, as to where to get the he-vamps and lounge lizards that will slide into the latest fashion togs for men and mince up and down the long runway in the center of the tent along which the mannequins are to parade, and thus display the various phases of the modes, and incidentally, various items of their own personal charms.

A questionnaire carried on informally among Glendale girls, however, has disclosed the information that Glendale beauties are not strong for the he-vamp or lounge lizard type. To the contrary, they are much more partial to the upstanding, husky guy, who, no matter how small his waist, must have about forty-six chest, with shoulders and biceps to match. Hence, the local merchants are rather counting upon inducing some of the Glendale athletes to don the classy clothes to be shown by the well-known men's furnishing houses at the exposition.

The exposition is to be one of the most momentous events in the history of Glendale business, in the opinion of those who have witnessed the phenomenal following which its promoters have achieved elsewhere, marking an epoch in the merchandising annals of each community.

There will be an extensive program of entertainment to be given in conjunction with the displays of local business men, which have never failed to draw big crowds, while the array of desirable articles, in a handsome and artistic setting, has never failed to accelerate buying, even in the supposedly 'dullest' season, according to local men who thoroughly investigated the proposition before giving it their sanction.

### AGAINST LIQUOR TRAFFIC

SAN FRANCISCO, Aug. 19.—Verbal broadsides against the liquor traffic and a "call to arms" were delivered by Miss Anna Gordon, national president, in her opening address to the national W. C. T. U. convention here.

"We cannot lay down our arms," she declared. "We cannot break ranks. Much territory remains to be possessed for our foundation principle of total abstinence."

Her only reference to tobacco was an appeal for "a million members to aid our anti-tobacco educational campaign." Pro-liquor elements were termed "beer bolsheviks" by Miss Gordon.

"Our chief danger lies in the apathy and indifference of many good people who aided in securing the law," Miss Gordon said.

The sweetest music is in the human voice when it speaks from its life-tones of tenderness, truth and courage.

## Crown Prince of Japan to Become Regent

By HENRY W. KINNEY  
United Press Staff Correspondent  
TOKYO—When the Crown Prince returns from his visit in Europe he will be appointed regent of Japan.

This was the belief today of the best informed public men and journalists, but as yet no whisper even has been allowed to filter through to print. No newspaper would dare to discuss the matter, as it would mean certain and instant suppression.

The Crown Prince is now of age, according to Japanese count. Over a year ago, when the ill health of the emperor reached the stage where

he could no longer attend public functions, and when it became necessary to have the Empress or the Crown Prince receive ambassadors and perform similar duties in his place, there was some talk about appointment of a regent, but the Crown Prince was not mentioned at the time, and the Imperial Household Department promptly denied the story.

Now, it is pointed out, the Crown Prince is receiving the finishing touches in his training as a future sovereign by his visit in Europe, and there will be every reason for placing him in the position as regent when he returns.

In the meantime the press satisfies itself with elaborate speculations with regard to the movements of the

elder statesmen, particularly of the conference which Prince Yamagata and Prince Satonji recently had with the Emperor. Most of the papers confined themselves to the supposition that the talk concerned itself with arrangements for the Crown Prince's return and for his wedding.

Whether the Crown Prince is, in fact, made regent immediately upon his return to Japan or not, the public looks forward towards great changes, owing to his experience abroad. Great satisfaction has been expressed at his rubbing elbows with ordinary mortals in England, France and elsewhere.

Honesty is the best policy for those who are not rich enough to be financiers.

## 'DEAR KATIE' TOLD WHAT TO DO IN CASE OF FIRE

Strivin' Reporter Obtains Some  
Inside Information on  
Extinguishing Facts

GLENDALE, Aug. 19, 1921.  
Dear Katie: Ever since I been on this here job as a strivin' reporter, I been waitin' for a chance to write a article about a fire and so far there ain't been no fires what so, if ever and even if there was, it must of been in the night time and of course I didn't know nothin' about it and anyhow strivin' reporters ain't supposed to write no articles after quittin' time—whenver that is. Of course there has been a few grass fires pro and con, but fires like that ain't no more excitin' than a bon fire. So, today, Katie, I decided as how I better get a few interviews with the firemen of Glendale, so I could write a little article about what they do for innocent pastime, if anything.

So this A. M. I went down to the fire station in South Glendale and I took my book and my pencil and I had an interview with the firemen down there and then I come back to the station on East Broadway and I got some more interviews and everybody was real polite to me.

### More Work Than Cop

Now, most people, Katie, figure as how a fireman has got a soft snap of a job, cause all they have to do is set around all day and play checkers or somethin', but, Katie, the facts of the matter is, as how the firemen of this here town is busier all day long than a traffic cop is between 5 and 6 p. m.

The way them firemen scrub and polish and brush up generally around the fire stations is a caution to housewives and for keepin' things clean, they would make the gold dust twins look like a couple kids in a mud puddle.

All day long they're busy polishin' up everythin' on them big trucks from bells to bumpers and they keep 'em lookin' as clean and pretty as "my ladies' limousine." At the fire station in South Glendale there is one big truck and there is goin' to be a brand new one for that station about Sept. 1st and if that ain't a scoopful of news, what is it? Ain't so Katie?

At the fire station on Broadway, there is two beautiful trucks besides the chief's car which the same is of the color that that school girl's complexion OUGHT to be and just so, Katie?

On Broadway the firemen has got a mascot, which the same is a noisy puppy which ain't no bigger than a pint of cider, but he is the boss of all he surveys and a terror to strangers. Already he is learnin' to be a fire dog from the top down and he can jump 6 feet throu the air from the top of the truck into his master's arms without breakin' his neck. I mean the dog's neck.

### Telephone Happenings

Well Katie, they get lots of funny phone calls at the fire stations. It wasn't so long ago, when one day the phone rung and one of the firemen says hello and one of the fair sex was yellin' as how her house was on fire and would they please come quick and then she hung up the phone without givin' her name and address and she might as well of rung the towel as the telephone as far as the firemen was concerned. In such a case the firemen have to have a guessin' contest as to whether the fire is north on Brand, or east on Broadway and if they don't guess right the first time, they have to race around the town like mad till they find where the fire is at, if anywhere, and when they finally get there, the lady in the case usually will stand around and ball 'em out cause they was ten minutes late in gettin there.

And another time a guy called up and he yells as how Smith's chicken coop is on fire and right away he drops the telephone and then the firemen had to take the directory book and set down and try to figure out which one of the 89 Smiths in Glendale was foolish enough to keep chickens in the first place.

In that case Katie, that guy at the other end of the wire no doubt had fried chicken for his supper, but if his house ever gets on fire maybe he will at least drop a postal to the fire station to that effect and give his name and address.

Well, Katie, it's all right to keep The Home Fires Burnin', but when the home itself gets to burnin', just remember as how fireman ain't mind readers. They're fire distinguishers. Yours extinguished

E. C. HALE.

### PROTECTION OF CANINES

NAPA—Too many dogs have been killed "accidentally" by hunters near Napa. The Napa Sporting club, in the effort to prevent it, has called on the district attorney who has issued a series of rules regarding dogs and their protection. Every dog, according to the rules, must have a substantial collar, and must not be permitted to run at large on any property where domestic fowls or livestock are kept. These rules complied with, it is provided that it shall be unlawful to shoot or impound any dog on the property.

## America Should Aid Other Prisoners In Russia, Says Refugee

REVAL, Aug. 19.—America should co-operate to effect the release of soviet prisoners of other nationalities, slowly dying in unspeakable misery and torture, Emmet Kilpatrick, just released from Moscow, declared in an interview with the United Press today.

"Prison conditions are unspeakable," declared Kilpatrick. "The prisoners are wasting away, their papers destroyed, their existence forgotten."

Kilpatrick, whose home is in Uniontown, Ala., spoke for the other five whose release was brought about by Secretary Hoover as a condition for famine relief services.

"Even many communists are doomed to die if quick relief is not sent into Russia," he said. "Communist leaders urge food shall go only to the fittest—that the weak should be allowed to perish."

"That is what is apt to happen, too, if the soviet leaders are allowed to control the distribution of American supplies."

Kilpatrick agreed with the others that it was not the drought which brought on the famine, but resentment against the soviet chieftain of crops in preceding years.

### Gets But Two Baths

"I have been in prison since October 20, last year," Kilpatrick said.

"I was thrown into a filthy prison where we were crowded in regardless of sanitary conditions, let alone comfort. A careful farmer would not have herded his sheep into a place such as we men of all nationalities were compelled to occupy."

"We got some water, to drink, but we feared it, especially when some of the men became ill. Our food ration was the absolute minimum of sour bread. I had only two baths while in Russia. Deaths were daily occurrences."

"Early this spring I was transferred to Tscheka—the worst prison of all."

"Medieval dungeons could have been no worse than those damp cells we occupied deep down under the street. Fifty of us were cramped into that airless and lightless room. There was no room to stretch out to sleep."

"I finally fell so seriously ill that they removed me to a hospital. Five times the prison doctors issued orders for my removal and each time there was a delay."

"But I was taken out and sent to a hospital. Except that it was clean and there was sunlight and fresh air, there was little improvement."

"I still went hungry for things I really needed. There was a shortage of medicines."

### He's Suddenly Freed

"Then on August 7 I was suddenly released from custody. No one told me why, but my treatment improved everywhere."

"I can hardly tell the real horror of conditions in Russia."

"Hospitals refuse to take patients unless the patients supply their own food. The nurses and attendants are so starved that they are unable to perform their work properly. Ninety per cent of the doctors and nurses are inexperienced and they suffer also from lack of medicines and equipment."

### Pike's Peak Record Sought by Climbers

COLORADO SPRINGS, Colo.—The annual rush up Pike's Peak is on. Sturdy tourists from the east who have mountain climbing ambitions are practicing daily to break the "hiking" record up the peak of 2 hours and 31 minutes, made by Howard Robinson of this city, ten years ago.

So far no one has equaled his record, according to the wise ones. Robinson was an employee of the Cog road and was stationed at the Summit house on the very top of the peak. His morning exercises consisted of a hike down the peak to Colorado Springs, returning on the train.

An easterner, Herbert Edwards, trained for a month to break Robinson's record. Edwards climbed the peak each day—sometimes twice a day. But he failed to equal Robinson's time.

This year there is another crop of climbing tourists practicing daily on the peak. What's lacking in ability is more than made up for in ambition, as the perspiring, short-winded easterners toil wearily up the long climb.

### Grapes Will Demand New High Price, Believe

PAW PAW, Mich.—Despite the fact Americans are turning their back on their national drink—grape juice—Michigan farmers will receive the highest prices in history for their grapes this fall.

Leo E. Prater, treasurer of the National Grape Growers' association, predicted today that Michigan grapes would bring an average price of \$150 a ton, compared with a \$90 average last year and a maximum of \$114. Ten years ago they brought \$20 a ton.

The reason for the increased prices was a late spring sleet storm, which reduced the crop to about 25 per cent of normal. Southwestern Michigan will ship not more than 1500 carloads of grapes this year, averaging perhaps twenty tons to the car.

Grape juice factories, which ordinarily take about a third of the output, will not buy a pound of grapes this year. They have an enormous surplus on hand as a result of the public's refusal to pay the high price for grape juice at soda fountains, in comparison with other soft drinks, because of the extra ad valorem tax on the beverage. An effort will be made to induce congress to eliminate this tax.

#### RATE REDUCTION HALTED

WASHINGTON, D. C., Aug. 19.—The interstate commerce commission has suspended until September 16 the proposed reduced freight rates on fresh fruit and vegetables between points in Arizona, California, Nevada, New Mexico, Oregon and Utah to points in Arizona, New Mexico and Texas.

### RAILROADS TO SHOW HALF BILLION IN NET EARNINGS?

That's Hope of Chairman of Railway Executives; Says Corner Now Turned

By HAROLD D. JACOBS  
United Press Staff Correspondent  
NEW YORK, Aug. 19.—The railroads have "turned the corner" in their financial condition, according to Thomas Dewitt Cuyler, chairman of the Association of Railway Executives.

Cuyler, in a statement to the United Press today, said it was hoped the carriers would show net earnings of at least half a billion dollars for this year.

Further "drastic reductions" in operating expenses are necessary, however, before the railroads can make any general reduction in rates, he said.

"As a result of the war and of the period of federal control, the earning power of the American railways was practically destroyed," Cuyler declared. "Net earnings declined from approximately \$34,000,000 in 1917 to approximately \$62,000,000 in 1920."

#### Have Turned Corner

"Development of American railroads has been at a standstill for at least five years. Naturally, no industry can grow when it cannot surely pay dividends or interest to those who invest their money in it."

"My belief is that the railroads now have turned the corner. It is hoped that they will in the aggregate make net earnings of at least \$500,000,000 for the year of 1921."

Cuyler explained that such an income would be less than a three per cent return, but would cover the total of their fixed charges.

"It will, however," he said, "require further drastic reductions in operating expenses to enable the railroads to earn a six per cent return and to permit any general reduction in rates."

### Report Is Submitted As Result of Probe Into Bergdoll Case

By HERBERT W. WALKER  
United Press Staff Correspondent  
WASHINGTON, Aug. 19.—Punitive action against several persons involved in the case of Grover Cleveland Bergdoll, millionaire Philadelphia draft dodger, was recommended to the house by members of the special committee, appointed to investigate the case.

In a report signed by three of the five members of the committee, the war department's handling of the Bergdoll case, prior to his escape in May, 1920, was scathingly denounced.

The findings of the majority as summarized are:

"Samuel T. Ansell, former acting judge advocate general and who as an attorney, obtained the war department's permission for the release of Bergdoll that he might dig up an alleged pot of gold, should be debarred from practice 'before any department, any court-martial, and in any courts of the nation.'"

Major Bruce Campbell, military counsel for the slacker who Mrs. Bergdoll charges asked for \$100,000 from her and obtained \$5,000 "to fix higher ups" so that her son might be released, was exonerated completely.

The alien property custodian was commended for his seizure of the Bergdoll property and he is urged to take steps to force Mrs. Bergdoll to produce the \$100,000 in gold which she says she buried.

Colonel John E. Hunt, whom the report alleged allowed Bergdoll to leave prison without proper guard, should be discharged from the retired list of the army.

Earl W. Wood of the department of justice should be removed from the federal service because he failed to warn the war department that Bergdoll was planning to escape. Information to this effect came to Wood a month before Bergdoll made his "get-away," the report alleges.

Colonel C. C. Cresson is sharply criticized on the grounds that he made a weak prosecution of Colonel Hunt in a court-martial after the escape.

#### SAYS 'MIND IS A BLANK'

PORTLAND, Ore., Aug. 19.—"I want to get back to Roseburg," said Dr. R. M. Brumfield through the bars in the county jail here today. "I want to see my wife and my boys."

There is an unmistakable quiver in the former dentist's voice, as if he realized that in going to Roseburg to rejoin his family, from whom he became separated the night Dennis Russell, hermit laborer, was found dead on the Pacific highway near that city, he is also returning to face a fight for his life.

Brumfield still pleads that his mind has been a total blank since the Sunday before the murder of Russell took place, but he is apparently beginning to realize his position as the suspected murderer of Russell.

## PICTURE OF 'LIFE' AT PALACE GRAND WINS APPROVAL

Picturization of Prominent  
Stage Success Received  
Well by Local Folk

William A. Brady's picture production of "Life," based on Thompson Buchanan's stage success, caught on in fine shape at the Palace Grand yesterday. An excellent sample of the melodramatic stories which were all the rage some years ago, "Life" has qualities which should make it quite acceptable to all classes of motion picture fans.

One watches the vain struggles of an innocent man accused of crime to escape the fate that menaces him, with tremendous interest, and when his faithful wife, after many dramatic incidents, succeeds in freeing him from legal execution and brings the guilty ones to justice, one leans back and frankly admits joy at her victory.

### "The Golden Snare"

Another triumph of the silent drama is David Hartford's production of "The Golden Snare," which also opened on the three-day double program.

Adapted from James Oliver Curwood's fascinating story, this remarkable photodrama, with a compelling, vital, throbbing plot, fairly smacks of the charm and mystery and primitiveness of the Far North country.

Lewis Stone, as a member of the Royal Northwest Mounted, selected to bring back "dead or alive" Bram Johnson, long-wanted fugitive from justice, is the featured player and gives a wonderful characterization. Wallace Beery plays the hunted Bram Johnson. Ruth Remick portrays the girl Celia around whom the mystery of the golden snare and the madman of the barrens centers.

## La Crescenta Notes

The La Crescenta Woman's club is rejoicing over the generous gifts of an acre for a building site from the Great Western Improvement company. This acre is situated on Los Angeles avenue, one-half block south of the car line and includes the one-third acre given by the Great Western Improvement company several years ago. The Great Western Improvement company owns and operates the Glendale and Montrose railway.

Mr. and Mrs. Seymour Thomas entertained Dr. and Mrs. Horyton and Sir Frank and Lady Popham Young at an al-fresco supper last Sunday evening at their ranch, Poco Mas Arriba. Mr. and Mrs. Thomas were also hosts at a charmingly appointed tea last Wednesday. Among the guests were Mrs. John P. Jones and Mr. and Mrs. Roy Jones.

Miss Dorothy George is the guest of her parents, Mr. and Mrs. E. George at the La Crescenta hotel. Miss George graduated from Stanford in June and just returned from a delightful visit to Yosemite and Lake Tahoe.

Mrs. L. Burke and daughter, Miss Bobbie Burke of Los Angeles were guests at the La Crescenta hotel on Wednesday.

Rev. Theodore Hopping of Coachella visited his many friends here on Sunday.

The dance given by the La Crescenta Woman's club last Saturday at the school auditorium was one of the delightful affairs of last week. One of the enjoyable features of the evening was the appearance of "Baby Vanda Phelps," the "miniature Pavlova" in classical dances. The Improvement association furnished and served refreshments. The proceeds will go to the building fund of the club.

Mr. and Mrs. F. K. Czerniski and Miss Czerniski entertained a charming group of friends for the weekend, among them being Mr. and Mrs. E. A. Holmgren of San Antonio, Texas, Misses Alpha Moe, Frances Evans and Orlo Moe of Los Angeles. A swimming party and luncheon at the Flintridge club were one of the pleasant features of this visit.

Miss Ethel Dewey of Chicago, who is visiting her father and mother of La Canada, and Master Frank Anderson of Chicago, who is the guest of his uncle and aunt, Mr. and Mrs. F. H. Anderson of Montrose, were the inspiration for a barbecue picnic at Onondaka Ranch last Thursday evening, the hosts being Mrs. J. S. Conlin, Miss D. Bastable and Dr. and Mrs. E. N. Nettleton. Among the guests were Mr. and Mrs. Seymour Thomas, Mr. and Mrs. F. H. Anderson, Dr. and Mrs. Richard Dewey, Mr. and Mrs. C. E. Culberson, Mr. and Mrs. Thomas Minford, Mr. and Mrs. H. A. Baldrige, Mrs. S. Goddard, Mrs. Ola Sutton of Los Angeles, Misses Ethel Dewey, Janet Culberson, Nan Waldren, Jessie and Sara Conlin, Eunice Bissell, Rosa Burke, Messrs. Dean Culberson, Donald Dewey, James and Fred Stewart of Eagle Rock, Dick Hodges and Frank Anderson.

Mr. and Mrs. Sidney Brown and little daughter, Mary Lu Brown of Glendale are guests of Mr. and Mrs. A. W. Brown of Los Angeles avenue.

Mr. and Mrs. C. P. Ayres of Glendale were among the many out of town guests at the La Crescenta Woman's club dance last Saturday evening.

Mr. and Mrs. Carl Keefer entertained a jolly group of young friends of their daughters, Dorothy and Virginia at a dancing party last Wednesday evening.

Miss Rosa K. Burke of Tulsa, Okla., is visiting her parents who reside on Los Angeles avenue, La Crescenta. She is a pupil of Prof. Boise Carson and during her stay in southern California she will sing in the First Lutheran church of Hollywood.

The card party given by the ladies of the Altar society at the White Inn Wednesday night for the benefit of the building fund of the Holy Family church was a great success socially and \$31.50 was cleared. ## PAY FINAL TRIBUTE TO J. P. FANSETT, HEROIC FIGURE

Man Who Gave Own Life That  
Others Might Live Is  
Lauded by Friends

(Continued From Page 1)  
were unappreciated until he was snatched from among them, said Mr. Leeds. The great question that faces the Sunday school is who shall take his place, said the speaker.

The second article was sent by the junior department of the Sunday school, of which Mr. Fansett was superintendent.

"Our dearly loved superintendent has gone to live with Jesus whom he loves, but not before he has impressed upon all of us the beauties of the Christian life," it read. "Few men," said Dr. Snudden, "but would feel more than satisfied with their lives if they could hear half the splendid tributes I have already heard concerning this man."

**Strength of Character**  
In his talk to the friends of the deceased, Dr. Snudden spoke first of the unusual strength of character and the splendid Christian life of the man, who in truth gave his life for others. Those who saw the accident stated that he stayed with his truck, when the chain was broken and it was careening madly down the grade at the Calhoun Pass grade, in order to shout a warning to the machines coming up the grade and to steer it past the near ones and out of danger. If he had jumped and imperiled others his own life might have been saved.

"It is not only at such times as the world war that men can be called upon to give their lives for others. It is just as liable to happen in every day life, as it did to Brother Fansett. And as we said of our heroes in France, 'Greater love hath no man than this,'" said Dr. Snudden.

"The deceased had often expressed himself as wishing to die in the harness." How truly he did die in such a way, in service for others. In his life he served God and his fellows and in dying he was but carrying out the things he had striven so long to impress upon the minds and hearts of the young people he taught," concluded the speaker.

Mrs. Leeds sang very touchingly "What a Friend We Have in Jesus" and following the earnest prayer for comfort to the bereaved family the quartette sang "He Leadeth Me," closing the services with the verse: "And when my task on earth is done, When by Thy grace the victory's won, Even death's cold wave I will not flee.

Since God through Jordan leadeth me."

**Odd Fellows in Charge**

The Odd Fellows conducted the ceremonial of their order at the grave. The pall bearers were R. M. Magee, C. R. Lund, D. L. Heard, F. S. Jackson, Richard Roberts and Joe Mayott. The green lawn at "Slumberland" was banked with hundreds of roses, lilies and lavender chrysanthemums. The lodge turned out almost to a man, in full regalia. Noble Grand G. L. Murdock, Vice-Grand Alfred Baines, Secretary M. E. Brown, A. E. Eckleberger and C. L. Sullivan were among the dignitaries present. J. Preston Fansett was an active member in the lodge at the time of his death, held the office of Right Supporter of the Vice-Grand, was a Past Grand, a Past District Deputy Grand Master and a Past Grand Lodge delegate.

Rev. C. R. Norton, chaplain of the order, read the burial service with the Noble Grand. They, too, laid stress on the nobility of the life of the departed and the heroic sacrifice he made in dying as he did that others might live.

"We leave our brother's body in the earth, but his memory we cherish in our hearts" seemed the final tribute of love and devotion.

The quartette sang "Home of the Soul" and while the beautiful words were still re-echoing in the sunlit glade the members of the lodge filed past the bier dropping evergreens on it as symbols of the memory that would remain unchanging through the years.

The deceased was also a member of the Good Templars' lodge, being one of the oldest members in southern California, joining that organization over fifteen years ago. A great many of his former associates in the Glendale and Los Angeles lodges were present at the services.

A touching incident that occurred the day before the funeral was the receipt by Mrs. Fansett of a letter containing a generous check from a lady who was on the stage coming up the grade at the time of the accident.

"I saw the whole thing," she wrote, "and greater heroism I have never witnessed. Your husband stayed with his truck when the only chance he had was to jump, in order to save others from peril."

## Presbyterian Church Officials In Session

(Continued from Page 1.)  
and it is expected that their notes  
may be heard for several miles.  
In discussing the matter of dis-  
posing of the two dwelling houses  
now occupying the property, it was  
decided that they will not be sold  
until the actual construction work is  
commenced.

**Church Women to Meet**  
On Tuesday afternoon of next  
week the women of the church will  
hold a meeting for the purpose of  
discussing and the suggesting of  
necessary changes in the plans for  
the new building. Following this  
meeting the officers of the church  
will again hold a joint session, at  
which time a date will be set for a  
general meeting of the entire con-  
gregation, whose sanction of the  
proposition must be obtained before  
the actual work of construction can  
begin.

The principal speakers of last  
night's meeting were H. L. Finlay  
and Dr. J. K. Gilkerson. Mr. Fin-  
lay, who is superintendent of the  
Sunday school, spoke of the needs of  
his department, while Dr. Gilkerson,  
who is chairman of the finance com-  
mittee, gave an outline of the finan-  
cial plans of the building campaign.

### Officers of Church

follows:

Boyd, R. P. Isitt, clerk; R. A. Peter-  
son, H. L. Finlay, W. J. Clendenin,

ton, H. L. Brown, J. W. Cooper, J. E.

### FOR PROTECTION OF BOYS

While Judge Weyl was consider-  
ing the cases of two Glendale boys  
yesterday who came before him on  
charges of theft, he stated in court  
that he would take ways and means  
to stop the sale of cigarettes here  
to minors. "Not alone is it against  
the law, but it makes lawbreakers  
out of the boys who come before me,"  
he argued. The local police are warn-  
ing merchants to be careful about  
the sale of "fags" to those who  
should not have them.

A fault-finder is better than a  
fault-finder.

## Glendale Man Directs Russia Famine Relief

(Continued from Page 1.)  
habitants were fed, during the Ger-  
man occupation.

After the armistice, still at Rotter-  
dam, he represented the American  
Relief administration in supplying  
foodstuffs to a large part of northern  
Europe. Since August, 1919, he has  
been director for Europe of the  
American Relief administration,  
whose New York headquarters are at  
42 Broadway.

### Relief Begins at Once

According to Washington dispatch-  
es, the work of food relief will begin  
at once, Mr. Hoover declared, add-  
ing that the New York office of the  
administration was already prepar-  
ing vessels to rush supplies to Dan-  
zig for trans-shipment into Russia.

It is expected the supplies will  
mainly include condensed milk, sug-  
ar, pork, flour, cocoa, beans and  
rice. It is believed that vegetables  
can be obtained locally.

A letter from President Harding  
endorsing the effort to mitigate fam-  
ine in Russia and asking unity of the  
relief work in one American organi-  
zation was made public by Mr.  
Hoover.

### Letter Made Public

"It is only through single Ameri-  
can representation and administra-  
tion that we can assure to both  
American and Russian people the  
best service in the use of the funds,"  
the letter said.

"I am asking the state department  
to co-operate in directing that pas-  
ports be given for travel in Russia  
only to persons who may be in the  
service of the American relief admini-  
stration."

"It is of importance that the Ameri-  
can people should be protected from  
those persons who may wish to thrive  
on great disasters by creating unnec-  
essary organizations to collect char-  
ity."

## Taps Sounded to Close Guards' Headquarters

Veterans of the various wars last  
night at 10 o'clock heard the familiar  
call of "taps" sounded by a bugler  
standing on Brand near Broadway.

It was 10 o'clock and time for  
the National Guard headquarters to  
be closed. Members of the Fifth Se-  
parate company after drill last night  
got acquainted with the new pool  
tables which were installed this  
week.

And it took the bugler standing  
at the entrance of the armory over  
the boulevard branch of the Los An-  
geles Trust & Savings bank to call  
them away from their fun.

To the hasty demand give the leis-  
ured reply.

**Reactor Killed in Crash**  
Robert G. Johnson, a real estate

crash near Norman street on Ver-  
mont avenue in Hollywood last night.  
Driving is dangerous in that section  
of the city.

announced recently that the exec-  
utive committee of the Walnut Grow-  
ers' Department of the Los Angeles

**Plan Bunker Hill Tunnel**  
Plans for a \$1,500,000 tunnel  
through the Bunker Hill district and  
the question of a proper terminal for

which are engrossing Los Angeles to-  
day.

**56,000 Aliens in County**  
Approximately 56,000 alien resi-  
dents of Los Angeles have registered  
during the time allotted to alien reg-  
istration at the Los Angeles County  
Registration bureau, according to a  
statement last night by D. B. Lyons,  
registrar of voters. He believes 200  
belated registrants will bring the  
present total, 55,852 to 56,000 with-  
in a few days.

**Newsboy All at Sea**  
Louis Stegell, a Los Angeles Har-  
bor newsboy, who never overlooked  
an opportunity, is sold out by this  
time. It is feared, with no extra sup-  
ply of papers to be had. Trying to  
sell the news of the world on sea as  
well as land, Louis, it is supposed,  
ventured aboard the liner Seattle  
Maru yesterday afternoon, just as  
she was about to clear for Yoko-  
hama.

**IN TEMPORARY RESIDENCE**  
Mrs. A. J. Baldwin, who has been  
living at the home of her daughter,  
Mrs. G. E. Leaton of 504 East Bal-  
eigh street, for the past several  
months moved this week into her  
temporary home that she has recent-  
ly built on the corner of Glendale

Baldwin is planning on building a  
large California bungalow on the lot  
in the near future.

He lives at 1232 Mariposa street.

## 4 BUNGALOWS PLANNED

A. G. Stepper of Van Nuys re-  
ports the recent sale of his four lots  
located at the corner of Magnolia  
and Central avenues to Gustav  
Thimm, who is making plans for the  
immediate erection of a quartet of  
modern bungalows on the site. Mr.  
Thimm, who arrived a few weeks  
ago from New York city with his  
family, is residing on East Palmer  
avenue. The sale of the lots was  
made by the Davenport & Strother  
real estate company.

## LEAVE SOON ON VACATION

Mr. and Mrs. W. R. Frampton of

garet Longley, Miss Marion Jones  
and A. Houston Jones of West Lex-  
ington drive. They plan to start the  
hike up the nine mile trail at mid-  
night and make the return trip in the  
morning.

## BACK FROM LITTLE BEAR

Mr. and Mrs. W. R. Vanderwood  
and daughter, Jean, of 519 North  
Kenwood street have just returned  
from a ten day trip to Little Bear  
lake. While there they spent much  
of their time fishing and tramping,  
making one trip to Big Bear.

Mrs. C. B. Brooks of the Brooks  
Shoppes, 123 North Brand boulevard,  
who is now sojourning in Nashville,  
Tenn., will leave Sunday and expects  
to arrive in Glendale in time for the  
Merchants' Exposition. Mrs. Brooks  
is finding the eastern humidity to be  
just as advertised, and is convinced  
that Glendale is the "Garden Spot"  
of the continent.

## SEEK HOME IN GLENDALE

Mr. and Mrs. J. W. Blake and fam-  
ily of San Diego are newcomers in  
Glendale—the healthful climate of  
this community bringing them here  
to benefit their daughter's health.

## PLENTY OF MYSTERY IS PROVIDED IN THIS PICTURE

Ring, Girl, Theft, Sheriff and Love Are Mixed Up in Glendale's Feature

Penny looked at the diamond ring which had been left carelessly on the visitor's table. She shut the door against temptation.

A little later, a figure came stealthily out into the hall, paused near the open door. A hand reached quickly out and closed over the ring.

Thus starts one of the fascinating scenes of mystery which fill "Penny of Top Hill Trail," the Bessie Love picture at the Glendale theatre today only.

Who took the jewel? Was it Penny, the figure of youth and charm and secrecy portrayed by the winsome screen favorite? Or was it Bobby Burr, alias Marta Sills, the flower of the Chicago slums?

There is a startling answer, and one which has a mighty affect in helping along romance and adventure. Penny is an alluring figure of a girl who laughs at the representatives of the law who takes her into custody, calls him "the nicest sheriff who ever ran me in," and ends by making him fall in love with her.

"The Smart Alec," a Century comedy, Urban Movie Chats and Aesop's Fables Modernized complete the bill.

## ELDER J. A. STEVENS TAKES POSITION AT WASHINGTON

Takes General Secretaryship Behalf Home Missionary Department Work

Elder J. Adam Stevens and family of 127 South Everett street left last night for Washington, D. C., where the former has accepted the general secretaryship of the home missionary department of the general conference of the Seventh-day Adventist church.

Elder Stevens' new position makes his work world-wide in scope. He has been occupying a similar position in the Pacific Union Conference and goes to his new post well fitted to carry on the more extensive program, for he has done well here, according to conference officials.

Western Men Make Good

In this most recent promotion there is an indication that westerners are making good in general conference headquarters. Among those who have gone from here to the capital are Elder E. E. Andross, vice-president of the general conference; M. E. Cady, formerly in charge of educational work locally who now heads the Washington Missionary college; and F. A. Coffin who is connected with the Review and Herald publications at Takoma Park, Md.

## Germans Use Whale Meat for Hamburger

VANCOUVER, B. C.—The German taste for hamburger seems to be greater than their supply of meat with which to make it.

At any rate, exports of whale meat from this port to Germany are rapidly increasing. It was said that whale meat was to be used in the manufacture of hamburger in Germany, and that in many cases it was actually preferred to any other ingredient.

The latest shipment of whale meat left here recently aboard the Holland-American freighter Noorderdijk. Another will follow shortly.

## BOY REPORTED MISSING

Mrs. Albert Rosa of 1555 Seventh street, Los Angeles, reported to the local police department at 9 o'clock last night that her 11-year-old son, Everett, who had left his home early yesterday morning for Glendale, had not returned to his parents. The boy was described as of a comparatively large build, and has brown hair and blue eyes. He was dressed in khaki pants and waist, with light tan shoes and no stockings. When he left his home yesterday morning in company with a larger boy, he told his mother that he was "going to Verdugo on a hunting trip." He carried his small B-B gun. The police reported at a late hour this morning that nothing more had been heard from the youthful Daniel Boone.

"If Obenchain and his investigators will join us, we'll pool our interests in a common effort to develop the true facts of what happened at Beverly Glen when young Kennedy was killed," declared Malcolm McLaren, who is chief investigator for District Attorney Thomas Lee Woolwine.

## SPECIAL BROKER'S TAX

Congressman Arthur M. Free obtained a ruling from the internal revenue department for the San Jose realty board which declares real estate agents are exempt from the special brokers' license tax when they deal in furnished houses or farms fully equipped as long as they do not sell furniture or stocks as brokers. This means that many local real estate agents who paid \$50 for the license will be refunded their money if they fill out form 46 of the internal revenue department. The news of this ruling reached the H. L. Miller company today from the California Real Estate association with headquarters at Oakland.
